ANNIVERSARY
1974 - 2024

Science Centre

In 1997 one of the original school buildings S Block was expanded with the addition of a Science Annexe. This timber annexe was demolished in 2018 to build the Science Centre. The classrooms contained within the annexe were 'moved' to a demountable near E Block (SA10 and SA20). The new Science Centre opened in 2019.
